## CURLING CLUB REORGANIZED

At a meeting held at the Greenhill hotel on Tuesday night, the Blairmore Curling Club was successfully reorganized. Following are the officers:

President—Mr. J. H. Farmer.  
Vice-President—Mr. J. E. Upton.  
Secretary-Treasurer—Mr. M. H. Congdon.

Draw Committee—Messrs. M. H. Congdon; D. G. Mackenzie and M. G. Rhynas.

Handicap Committee—Messrs. J. E. Upton, L. L. Morgan and J. A. Kerr.

Ice Committee—Messrs. J. H. Farmer, J. E. Upton and M. H. Congdon. Satisfactory arrangements were effected with the Arena Company.

Already three splendid sheets of curling ice are available and the wild game starts off tomorrow.

All intending to join the club or to curl this season are requested to get in touch with the secretary at once.

## PARENTS HIGH SCHOOL PUPILS SHOULD KNOW OF CONDITIONS

Blairmore, Alberta, December 28, 1925.  
Editor Blairmore Enterprise.

Dear Sir: May I have the privilege of your column to confer with the ratcayers and parents of Blairmore school pupils regarding the controversy which exists between the Blairmore School Board and the Alberta Teachers' Alliance.

Thirteen teachers are still living in our fair town and putting up a gallant fight for the right of collective bargaining and recognition of the teachers' union. These teachers are being supported by other members of the teaching profession throughout the whole of the Dominion of Canada, which is a splendid tribute to their professional spirit, as well as a source of satisfaction to those who have the country's welfare at heart to know that the future citizens of Canada are receiving their training from such teachers.

Civilized nations have long since conceded the right of collective bargaining, and it is difficult to imagine a fight of this kind being tolerated in a community made up of life-long trade unionists.

It is quite true, Mr. Editor, that teachers with apparently less professional ardour have been found to replace them, and it is of their services I wish to address myself to the parents of Blairmore school children.

I have been anxious to know what class of service such a body of teachers could render any community, and my worst fears are now realized in part, after reading the report of the recent visit of the high school inspector on our high schools.

I feel this report should have a place in your columns, in order that those who are paying the bill may see what they are paying for, and hope some conscientious parent will ask that same be published.

However, I feel it to be my duty to acquaint all parents of this report and to further assure them that in

## SCHOOL BOARD RECEIVES REPORT FROM INSPECTOR

The regular monthly meeting of the Blairmore Board of School Trustees took place at the schoolhouse on Saturday night, attended by Chairman Dutil, Secretary (resham, and members Bebe, Hamilton and Whealey.

The minutes of previous, regular meeting and of a special meeting held somewhere on Friday, the 18th, were read and approved.

Copies of correspondence received and replied to by the chairman and secretary were read to the meeting. Chief among the batch was a reply to Mr. Parker, the president of the Alberta Teachers' Alliance, informing him that the Board could find no solution to offer towards a settlement of the Teachers-Board controversy.

The secretary informed the board that although he had sent contract forms to Miss McKenzie's address in Vancouver, and later to her new address, Islay, Alberta, (on December 21st), no word had been received from Miss McKenzie that she had definitely decided to accept a position on the teaching staff, nor had the necessary contract form been returned.

The following accounts were among those passed for payment: J. Monalibetti, for blinds, \$22.75; Blairmore Pharmacy, for text books, etc., to orphan children, \$25.90; Waterbury Co., for blackboards, \$72.00; stamps \$10.00; petty cash accounts, \$13.20.

The report of the principal for the month of December was read, in which certain recommendations were made to the board. The chief request was for an assistant, to permit the principal to visit and inspect the public schools periodically.

The principal and vice-principal were asked as to whether their wives were qualified to act as high school teachers, or as to whether Mrs. Harold Pinkney or Mrs. Harper would be of service. They replied that none of those mentioned were qualified, and that only two of the present staff could assume duties in high school, namely Misses Hall and Crys-

tal. Mr. Wheatley suggested that perhaps Mr. Conway, the former principal, might be qualified to act in such capacity and moved that Mr. Conway be engaged as substitute high school teacher, duties to cover one day a week at regular substitute's salary. Messrs. Hamilton and Bebe voted against the motion, which was lost. Motion by Mr. Hamilton that a substitute teacher satisfactory to the principal be hired for one day in every two weeks, to assist Mr. McPherson, at substitute salary, was carried.

The report of Inspector J. A. Smith on a two-and-a-half-days inspection of the Blairmore high school, made early in November, was read to the meeting. Before the reading of same, Mr. Hamilton stated that as the board had made an established practice of asking the teachers to be absent when such a report was being considered and their work criticized, he would ask that Messrs. McPherson and Munro do likewise. Following objection raised by Mr. Wheatley, who claimed that the teachers should stay if they

addition to the added expenditure now taking place, our children are by far the greatest losers, morally and mentally. Our schools cannot prosper so long as they remain on the "black list" of the Teachers' Union and we continue to deny these highly professional people a privilege we ourselves have long enjoyed—the right of collective bargaining and the recognition of the Teachers' Union.

Thanking you for space,  
Yours truly,  
FRANK WHEATELY.

so desired, both above teachers decided to remain in the meeting.

The inspector found that 74 pupils were enrolled in the two rooms of the high school, and recommended that a third teacher should be engaged to properly look after the work.

Owing to the report being very unsatisfactory to the Board, before acting upon the recommendations contained therein, they would ask for a special inspection to be made towards the end of January, which report will be published in full in the local paper for the benefit of the ratcayers and all interested.

Acting upon the recommendation of the principal, the board decided to have a circular letter printed concerning necessary amount of homework to be sent to the parents of the high school pupils.

Mr. Hamilton desired that neither the Board nor the teachers should be influenced by this report from the inspector.

We are informed by Mr. Dutil, chairman of the board, that although secretary or chairman until December the inspection was made during the 24th.

JAN 4 1926

**BELLEVUE LOSES**

**TO LETHBRIDGE**

In the opening game of the Crows Nest Pass Hockey League at Bellevue last night, Lethbridge came out victors to the tune of 3 to 1. The odds were against Bellevue from the start. Rough ice made play difficult and the game was anything but fast.

Towards the end of the opening period, Bellevue's big defense, Howard Anderson, sustained a broken rib through collision with a couple of Lethbridge boys, necessitating his immediate removal to hospital. It is thought probable that Anderson will be out of the game for the rest of the season, which is a serious handicap to Bellevue.

The game was referred by M. G. Rhynas, of Blairmore, and very few penalties were awarded.

AS TO POLICE ACTIVITIES  
DURING CHRISTMAS TIME

The local public are up in arms over the unusual and unnecessary activities of the Alberta Provincial Police throughout this district during the Christmas festive season.

As will be noted from the criminal pages of the Lethbridge Herald, quite a few arrests were made and quite a few fines were collected from citizens of The Pass, who were not in any way to be considered criminals, but rather because they attempted to feel joyful.

Surely at Christmas time, above all the year, the police should exercise a certain amount of latitude towards our law-abiding and tolerant citizens. There was absolutely no necessity for the people of this district being under almost continuous surveillance of police officers while exercising the proper spirit of Christmashide.

Because of the actions of the police, the happiness of many homes and citizens throughout this district was unnecessarily marred. Penalties collected should in all fairness be refunded to the unfortunate and judgments should be quashed.

We are safe in saying that nowhere in this province was there less need for police interference throughout Christmas week than in this section of the Crows' Nest Pass, yet nowhere in the province has such a criminal record been set up for that period.

Mrs. W. G. Gale has been successful in securing the How Gibson pictures of the big Calgary Stampede for his Bellevue and Hillcrest theatres. Coming next Monday, Tuesday and Wednesday.

Christmas passed over very quietly.

James Pearson, from Vancouver, spent Christmas with his old friends here.

Mr. and Mrs. P. Salt (nee Mrs. Jones) returned from Calgary on Monday morning, where the honeymoon was spent.

Mr. and Mrs. E. Metcalfe, of Cobbin, B.C., spent Christmas with their uncle and aunt, Mr. and Mrs. E. Royle, returning home on Monday.

The Christmas Tree, put on by the members of Turtle Mountain Lodge No. 15, Knights of Pythias, and the Pythians jointly, took place at the Castle Hall on Thursday night, last, when all children of members were presented with toys, etc. A musical programme preceded the event, those taking part being: Master Norman Miller, Miss Nellie Royle, Miss Peggy Richards, Miss Olive Howcroft, Miss F. Makin, Master George Tonks, Miss Madge Fisher, Master Stanley Warriner, Miss Mary Warriner, Master Bobby Warriner, Master Lloyd Carlson, Master Cyril Richards, Mr. Leslie Atkinson, Betty, David and Charlie Haggerty, Master Rees Richards, Miss Betty Stuchbury, Master Bobby Howcroft, and Master Allan Petrie.

000

## COWLEY HAPPENINGS

Eddie Baines spent Christmas with his parents in Lethbridge.

Ralph Easterbrook is down from Coleman to spend the holidays here.

Mr. W. H. Moser is in Helena, Montana, where he is spending the Christmas vacation.

Mr. McDonald, principal of the village school, is spending the season's holidays in Spokane.

Miss Hilda Hannan, of Calgary, came home to spend the Christmas holiday with her parents.

A splendid Christmas entertainment was staged at Teinosa schoolhouse by Mr. Hildidge, who is teaching the school.

Gerard, three and a half year old son of Mr. and Mrs. Percyval, who fell in a tub of hot water on Tuesday or last week, died from the effects of the burn a few hours after the accident had occurred. Interment took place in the Catholic cemetery on Thursday afternoon at Blairmore. The sympathy of the district goes out to the stricken family.

A very pleasant time was spent on Wednesday evening, when the parents and children of the district gathered in Tustian's hall for a big Christmas party. Interesting games and songs kept the crowd well entertained until the arrival of Santa. After the presents were distributed, dancing was indulged in for the remainder of the evening.

000

Miss Owen, teacher of the Beaver Mines school, is spending her vacation in Blairmore with her brother, Mr. Owen, of the Royal Bank staff.

LITTLE BETTY LORINE  
PASSES PEACEFULLY AWAY

Despite all human effort, "Betty," darling little daughter of Mr. and Mrs. W. Lorne, passed away on Thursday evening last.

Betty died from injuries sustained about a week previous, when while playing in the grounds around the home, she accidentally fell from a fence to the ground, her body coming into contact with a brick.

Betty was but a few months past her seventh birthday. She was dearly beloved by all who knew her and was the real life of the home which is today overshadowed with grief.

The funeral took place on Sunday afternoon, services being held by the Revs. W. T. Young and D. K. Allan at the home and at the United church, with which she was connected as a Sunday school pupil. Six little girl playmates acted as pallbearers. The service at the church was most appropriate and impressive. The casket was literally covered in with beautiful floral tributes, while the church was crowded to standing capacity with sympathizing friends.

The remains were laid to rest in the Blairmore cemetery.

Numerous floral tributes included the following from: Father, Mother and David, Betty's Sunday school class, Auntie Jean and Uncle Sandy, Mr. and Mrs. James Ellis (Champion), Mr. and Mrs. R. Scott (Cameron), Mr. and Mrs. W. E. Trueman (Red Deer), Mr. and Mrs. D. Chapman (Calgary), Mr. and Mrs. G. Evans, Mr. and Mrs. R. Gray and family, Mrs. Fraser and Mr. and Mrs. J. Wobstholm, Mr. and Mrs. G. McFetan, Mr. and Mrs. Evan Morgan and family, Mr. and Mrs. J. A. McDonald and family, Donald and Bert McKinney, Mr. and Mrs. Congdon, Mr. and Mrs. James Warner, Mr. and Mrs. J. Ross, Mr. and Mrs. W. McVey and family, Mr. and Mrs. E. Hinds and family, Mr. and Mrs. M. Hamilton and family, Mr. and Mrs. Ed. Carlson (Champion), Mr. and Mrs. W. W. Scott, Flora McKinnon, Mr. and Mrs. E. Picard and family, Mr. and Mrs. Jack Patterson and family, Mr. and Mrs. Elliott and family, Mr. and Mrs. H. H. Griesbach, Mrs. Penman and family, Mr. and Mrs. W. L. Evans and family, Mr. and Mrs. W. L. Evans, Mr. and Mrs. H. Harmer and family, Mr. and Mrs. F. M. Thompson, Mr. and Mrs. G. A. Fassmore, Mr. and Mrs. George Lynn and family (Frank), Mr. and Mrs. T. Vejprna, Mr. and Mrs. J. Packer, Mr. and Mrs. W. Thomas and Glyn, Mr. J. Spence, Dr. and Mrs. R. L. Little, Mr. and Mrs. D. Kemp and family, Mr. and Mrs. H. Pinkney, Mr. and Mrs. Robbins, The Mayor and Council of the Town of Blairmore, B.P.O.E. No. 15, Livingstone Lodge No. 22, K. of P., Greenhill Temple No. 10, Pythian Sisters, Blairmore Elks' Dramatic Club. Others are not accounted for in this list, owing to cards having fallen off. In addition to these a large number of letters of sympathy were received by Mr. and Mrs. Lorne.

Mr. and Mrs. Lorne desire at this time to thank the many kind friends for letters, flowers and other expressions of sympathy with them in the hour of their bereavement.

000

We don't believe that opportunity knocks around with the other knockers.

The famous Rhonda Welsh male singers will appear at Coleman tomorrow night.

The funeral of the late Joseph Burns took place at Coleman on Saturday afternoon and was very largely attended.

Mr. and Mrs. Fred Thaeli and children, Teddy and Muriel, of Lethbridge, spent Christmas with the Knappman family here.

Joseph J. Tompkins, of the Sun Life Assurance Co., of Calgary, is spending Christmas with his brother here, Mr. C. J. Tompkins.

FIRST LEAGUE GAME  
HERE NEXT TUESDAY

The Blairmore arena will entertain its first league game for the 1925-26 season on Tuesday night next, when Bellevue will be the visitors. If the present weather continues, good ice and a good fat house of roosters is assured.

Following is the revised schedule:

## FIRST SECTION

Wed., Dec. 30—Lethbridge at Bellevue

Mon., Dec. 28—Blairmore at Coleman

Tue., Jan. 5—Coleman at Lethbridge

Wed., Jan. 6—Bellevue at Blairmore

000

Miss Mary Kroll and Miss Benvenuta Pozi, who have been teaching in prairie rural schools, are spending the Christmas holidays at their homes in Frank and Blairmore.

CHRISTMAS TREE AT  
TENNESSEE SCHOOL

The Christmas entertainment given at Tennessee school on Friday afternoon last was a great credit to the teacher, Mr. Hildidge. The building, which was tastefully decorated with the usual symbols, was filled to its capacity. The temporary stage was unique in its construction.

Among the most pleasing items on the programme were two piano and two vocal solos by Margaret Sleighter, a musical drill and chorus, "You'd better listen in" by the junior grades. Several good dialogues were presented but "Harmony Jumble" seemed to bring out the talents of the young performers. Each child in the school took some part in the programme.

Old Santa arrived to distribute the gifts and candies and the evening was terminated by a dance, in which all took an active part. The affection which the children have and the manner in which they responded to him is a sure sign of Mr. Hildidge's ability as a teacher.—Com.

A general meeting of the executive of the Alberta Teachers' Alliance will be held in Calgary tomorrow.

A clergyman in Eastern Canada was recently given a five-year suspended sentence for committing one of the worst of crimes against a girl of tender years. A man in Alberta is punished far more severely for taking a glass of beer in the open air.

## Canada's Growing Time

Having entered upon a new year of activity, Canadians may with profit themselves, and as a source of inspiration and encouragement, take a brief backward glance over the first quarter of the century—the century which Sir Wilfrid Laurier declared with eloquence and conviction would be Canada's century, just as the Nineteenth Century belonged to the United States.

With the second quarter of the year now appearing weekly in this column, it is possible to look only at the high water marks of achievement, but these serve to give confidence for the future. Despite the blue rule talk which some people seem to delight in, and of which quite a little is heard from politicians around election times, the fact remains that Canada made solid and gratifying progress during the first quarter of the century, notwithstanding the setbacks resulting from the war.

Too much attention is given to the flow of population from the Dominion to the United States, while too little is devoted to the steady increase in our own population. Canadians might just as well make up their minds to the fact that a large, self-contained country like the United States will always prove a powerful magnet to the people of Canada immediately adjoining it, speaking the same language, and with so many things in common. Such attraction is both natural and inevitable.

But how many Canadians take into account that the population of the Dominion nearly doubled in the first quarter of this century, from 5,371,315 in 1901 to nine millions now? And now that the most disastrous after-effects of the war are passing, with the United States enforcing rigid laws against immigration to that country, and with more business-like methods of promoting immigration to Canada, the tide of incoming settlers to Canada is steadily rising, with a prospect for 1925 of 1,000,000.

What are the large numbers of Canadian citizens doing? In 1901 the area of occupied lands in Canada was 6,353,815 acres and of improved lands 30,166,035 acres, while in 1921 the acreage of occupied lands had increased to 140,857,982 acres, and of improved lands to 70,769,548 acres, having more than doubled in both cases within twenty years.

In 1900 the capital employed in Canadian industries amounted to \$146,000,000; in 1922 it was \$3,125,773,000, or nearly eight times as great.

Canada's imports in 1900 were \$172,351,076, and exports at \$183,237,555, or a favorable trade balance of a little over ten millions, and representing a total foreign trade of \$356,600,000. In 1922 imports had grown to \$92,366,867 and exports \$1,065,552,297, a favorable trade balance of \$165,600,000 in a total foreign trade of nearly two billions of dollars. The figures for 1925 will reveal an even more satisfactory showing.

Canadians should absorb these figures, and many more of a like character which might be quoted, and, instead of decrying their country and thinking of it as slow and unprogressive and the reverse of prosperous, should boast for Canada on all occasions and give intelligent answers to its critics and detractors.

The new year of 1926 was ushered in with business more active and flourishing throughout the Dominion than for many years past, with many of the large financial concerns able to fill orders, with less unemployment than usually prevails in mid-winter, and with an optimistic note being sounded by all the large financial concerns.

The first quarter of the Twentieth Century, notwithstanding the war, witnessed great progress in Canada and the beginning of the fulfillment of the prophecy that it would prove to be Canada's century. The progress thus made and the exceedingly favorable conditions under which the Dominion has entered upon the second quarter of the century, give confidence that when the half-century mark has been reached, the development and progress of Canada will be found to have been indeed remarkable and not surpassed by any other country in the world.

If Canadians are true to themselves, they can realize for their country in the next few years the greatest expectations ever entertained for the Dominion by its most ardent patriots. "This is Canada's Century" should be the slogan of all—a beaconlight beckoning all citizens, and inspiring them to put forth their highest and greatest endeavors.

## Wants General Disarmament

Germany Announces Intention to Peace Demand Before League of Nations.

Now that the disarmament of the Reich is officially recognized by the evacuation of Coblenz, France should proceed to its own disarmament. It is incomprehensible that France should keep 700,000 men under arms. If Germany could dispose of an equal number of effectives, but the German army no longer exists. In the League of Nations, Germany will demand with persistent general disarmament. As long as the abnormal situation exists of a disarmed Germany facing other powers who are engaged in an arm-

ment war, Germany will not even be able to adopt a foreign policy, for to have a policy without an army is like having a concert without instruments. This was also the point of view of "Old Fritz" (Frederick the Great)—Deutsche Allgemeine Zeitung.

### Kemps Paper Mills

Plant Expects to Greatly Increase Output Within a Few Months.

The Kemps Paper Mills is the new name under which the plant of the Backus interests is to be operated in the future. Since the commencement of operations this plant has been operated through the Keweenaw Lumber Company, pending a selection of a name for the new concern. The output of this mill is at present about 120 tons daily, but it is expected that within a few months it will be increased to 200 tons.

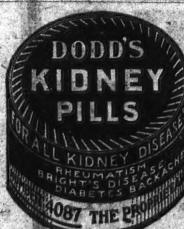

### Vatican To Have Big Radio Plant.

Rumors that the Vatican will broadcast messages to the world by wireless have again been revived by the arrival of a huge radio apparatus at Milan, consigned to the Vatican.

### The Oldest Calculator.

When a child counts on beads strung on wires in a frame, he or she is using a copy of the abacus of the Greeks and Romans, the oldest calculating machine in the world.

## Some Sensible Advice

**Follow Safety First Idea and Keep Money from Uncle Sam's Investment.**  
You will be surprised at some of the countries where money is made safe on real estate, almost overnight. You compare your slow process of getting the "where-with-all" and you become dissatisfied with your job, your boss and your whole environment.

You may have a home and a couple of thousand dollars and while you have a steady position you are tempted to sell everything and try out the investment game where money is reported so easily made. The pictures drawn for you by interested salesmen have fired your imagination and upset your mental balance.

Look here, man, take sensible advice and do not risk the little you have on such uncertainties. Investment and securities are out of your mind and the small sum you can turn into cash should be safeguarded, not risked. So hang on to what you have. Education Bulletin.

## SAVED BABY'S LIFE

Mrs. Alfred Tranchmontagne, St. Louis, died Saturday, Que., writing "Baby's Own Tablets" an excellent prescription. She said my baby's life and I can highly recommend them to all mothers." Mrs. Tranchmontagne's experience is that of many others who have had success with the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to bring relief to those who have been suffering. They are sold by medicine dealers or by mail at 35 cents from Dr. Williams' Medicine Co., Brookline, Que.

## Setters For British Columbia

Lake Windermere District Securing a Large Number of Desirable Immigrants

The Lake Windermere district is receiving a large number of settlers than it has been favored with for the last ten years. Whilst Russians from Siberia have settled down immediately around Invermere, there has been a larger settlement at Edgewater, about twenty miles north of there. These settlers comprise experienced agriculturists gathered from Germany, Switzerland, Denmark and the Western United States.

Women of the first generation are found in the different trades where they set up disturbances detrimental to the health of the child. There can be no comfort for the little ones until the harmful effects have been eradicated.

An excellent prescription for this purpose can be had in Miller's Worm Powders. They will immediately destroy the worms and correct the conditions that were favorable to their existence.

## Youth For Peace

Effort to Link Youth of Canada in International Movement

Inaugural effort to link the youth of Canada in the international youth movement, was made by Thomas O. Harrison, of New York, national chairman of the Fellowship of Youth for Peace, to an audience under the auspices of the Student Christian Association at Montreal.

"We realize that to outlaw war there must be world federation of youth," Mr. Harrison stated. "We hold to developments in Australia and other parts of the empire, and asked Canadian help for the youth in the United States who were struggling against nationalist tendencies in their own country.

## Civil Marriage in Turkey

First One on Record Took Place In Constantinople.

The first civil marriage in Turkey, that of a Turkish school mistress and a government official, took place at Eski Shehi, says a dispatch from Constantinople to the London Daily Mail. Both the bride and groom signed a civil marriage certificate, which states that any act infringing equality would violate the sanctity of the family, and that until conditions of existence became easier, both must work for a living.

Soft corals are difficult to eradicate but Holloway's Corn Remover will draw them out painlessly.

Indian Princesses Play Football

The young princesses in India, particularly in the Deccan, play football over here. Yet the Queen of Bhopal stated the other day that it is well her three granddaughters miss most during their sojourn in England.

B.C. Spruce Seed For Britain

The first consignment of spruce cones from the Queen Charlotte Islands has reached the federal seed extraction plant in New Westminster.

The spruce seed is an order for the British Forestry Commission, which is in the market for fir, cedar, spruce and lodge pole pine seed from the coast province.

## To Harness Ocean Tides

Promoter Tells of Big Power Project On Edge of the Earth.

The future of the entire North Atlantic coast will be affected by Doctor P. Cooper's Passamaquoddy Bay tidal power project. His originator said at the dinner of the Malise Society, when he disclosed new details of his plan for developing between 500,000 and 700,000 horsepower by means of a modern, low-head hydroelectric station on an arm of the Bay of Fundy.

The amount of power which can be developed will depend largely upon market conditions," Cooper said. "The annual production of the plant will be approximately \$3,000,000,000 kilowatt hours, which is, according to the geographical survey statistics for 1922, 75 per cent of the output of the entire plants in New England in that year.

"The cost of this power will be well within the range of the cheapest hydro-electric station in this country, with the added asset of positive assurance of output. It will be possible to sell a part of the power in New Brunswick and in Maine, and, owing to the location of the project, about 300 miles east of Boston, it will be within easy transmission distance of all of New England."

Mr. Cooper said that the tides at the site of the new power plant have a range that varies between 18 and 27 feet every two weeks.

"Nature has produced two large bays having a combined area of 150 square miles," Mr. Cooper went on, "which can be placed at small expense under complete control." This will be accomplished by the construction of a dam across the entrance of the bay. The topographical permits the erection of the power house directly between the two bays.

## The New Immigration Rates

A Real Immigration Policy To Be Launched

The new schedule of immigrants from Great Britain to Canada, examples of which have appeared in the news columns, certainly suggests that the policy of immigration is being gone at in a new spirit by the immigration department, being gone at, indeed, with a rush.

The reductions are surprising, almost startling. From any British port the fare to Quebec is to be \$155, at present it is \$23.75. From any British port to Winnipeg the fare is to be \$27.50; at present it is \$11.75. To Vancouver the fare is to be \$45, at present it is \$12.50. It can be read by analogy that in all cases, examples, that the reduction in train that these new rates will be the lowest that have been known for a generation.

Mr. Stewart's recent statement that the government hopes to bring in 300,000 immigrants next year takes on the aspect of reality when these fares are announced. They are to low, indeed, that they imply a very considerable amount of supervision over the immigrants when they arrive and have been placed; because the low fare will enable large numbers of British people to emigrate who will have little or no capital when they arrive, and the immigration scheme will need to carry them a good deal further than their point of destination.

The new rates, however, indicate that a real immigration policy is about to be launched, and such a policy will have the approval of the whole country. —Maitland Free Press.

Time has Tasted It—Dr. Thomas' Ectocine Oil has been on the market upwards of fifty years and at that time it has proved a valuable remedy for the treatment of cancer in Canada and its excellence has carried its fame beyond the seas. If the price were doubled the price would be a cheap luncheon.

Anxious That States Join World Court

Few Members of Senate Cannot Present

His demand that the senate recognize public opinion of the United States for entry into the world court was voted by speakers at a Thanksgiving service in the Cathedral of St. John the Divine, celebrating the signing of the Locarno treaty.

Both Bishop William Manning and Nicholas Murray Butler, president of the Columbia University, declared that a small group of senate irreconcilables cannot prevent the United States from entering the court.

The spirit of peace was typified in a procession through the unshaded nave of the cathedral which opened the service. The flag of Britain and the other signatory powers were carried, including the flag of Germany, which had not been seen in the cathedral since the war.

Each day more than 5,000 tons of newspaper print paper is produced in Canada.

Minard's Liniment for Grippe

## Trade Prospects Reviewed At Meeting of Bank of Montreal

More than ordinary interest this year attaches to the proceedings at the annual meeting of the Bank of Montreal because of the general hope that commercial conditions promise improvement.

## RIFFIAN LEADER IS WILLING TO ACCEPT TERMS

Paris—Captain Gordon Canning's mission on behalf of Abdi-Krim has given great prominence in the newspapers. Captain Canning has announced through various newspapers that the Riffian leader is ready to accept—immediately the first four points of the French peace terms as stated by former Premier Pauline in his speech at Nimes on October 2.

M. Pauline at Nimes said the French and Spanish Governments were agreed upon peace negotiations with Abdi-Krim on all points. The first four points are:

- 1—Reciprocal exchange of prisoners.
- 2—Reciprocal complete amnesty, with effect from January 1, 1927.
- 3—Dissolution of a régime of administrative autonomy.
- 4—Determination of territories which will be placed under the regime.

### Care For Soldiers' Graves

U. S. Authorities to Take Care of Graves of Canadian Flying Cadets in Texas

Washington—Authority to undertake perpetual care of the graves of 12 Canadian flying cadets near Fort Worth, Texas, is to be asked of Congress by the war department.

During the last year of the war Canadian cadets were stationed at Fort Worth flying field, and 12 of their dead there being buried in Custer cemetery, the president of the association, controlling the cemetery, The Canadian agency of the British Imperial War Graves Commission has erected a memorial in the cemetery and sought to purchase the plots, but discovered the cemetery association could not convey the title.

When the Canadian agency discussed the matter with the United States war department, Washington authorities expressed a desire to take over responsibility for the care of the graves.

### Work Done By Welfare League

Thousands of Settlers Have Been Battled During 1926

Toronto—Albert Chamberlain, who is at present on a visit to England, was re-elected president and supervisor of the British Welcome and Welfare League at the annual meeting of the institution here. Features of the annual report were: Four hundred and ninety-five women and children have been brought to Canada from the old country to their husbands and fathers who have been settled here; 3,500 have been admitted, welcomed, befriended or provided with temporary accommodation; 40 or 50 women newcomers have met weekly to study Canadian conditions and to help themselves become adapted to Canada.

### May Secure British Capital

B.C. is Willing to Sell Pacific Great Eastern Railway

Victoria—British financiers will be informed immediately of the terms upon which British Columbia is willing to sell the Pacific Great Eastern Railway. Full details of the government's railway policy, as approved by the legislature, were forwarded to F. A. Pauline, British Columbia agent-general in London, with the request that he lay them before British capitalists without delay.

"I am advised," Mr. Pauline of what I have in mind regarding the Pacific Great Eastern," the premier added, "and suggest to him that he make known these options to British capitalists."

**African Labor Shortage**  
Johannesburg—Mining operations in South Africa are being seriously affected by a shortage in native labor, the president of the chamber of mines here says, and he declares that the shortage has been created artificially by the Herertz Government in support of the so-called white labor policy advocated by the Labor party.

**New Comet Discovered**  
Pretoria, South Africa.—The discovery of a new comet by the astronomer G. E. Enser has been confirmed by officials of the Johannesburg Observatory. Mr. Enser sighted the comet on Sunday night.

**High Cost of Coal**  
Boston—Hard coal has become so scarce that one large firm is offering an attractive to "Cash and Carry" buyers at one cent a pound. Buyers must bring their own hoes or hawks.

### Pirates Seize British Ship

**Chinese Thugs Seize and Loot Coastal Ship and Shoot Captain**

Hong Kong.—The British-owned coastal steamer Tungchow, with several foreign passengers, some of them women, came into port here after having been for four days the prize of Chinese pirates who, after a quantity of goods and valuables had been taken, the sailing of the vessel, approximately 1,000 miles. The pirates was the most daring carried out for many years in the China Seas.

The steamer's British captain was suffering from a bullet wound in the groin, but will recover. All others on board were suffering from the strain of their four-day adventure, but had not been injured by the pirates.

The Tungchow, a coasting vessel of 2,104 tons, owned by the China Navigation Company, had sailed from Shanghai for Tientsin. The pirates were aboard, disguised as steerage passengers. On December 18, at a point in the Yellow Sea about 300 miles south of Weihaiwei, the British port at the end of the Shantung Peninsula, where the students of the University of Montreal cheered the guests.

### Returning To Canada

**Peace River Homesteaders Who Went to U. S. Are Now Anxious to Return**

Winnipeg—Canadians in the United States who abandoned their Peace River homesteads two years ago when times were extremely hard, are making innumerable inquiries of boards of trade and bank officials concerning conditions for making a return migration to the Peace River district this coming spring. R. N. Munro, assistant divisional commissioner of immigration for the western district, stated here. He had just returned from a visit to the Peace River district.

The plan will be an all-metal one, manufactured in the plant recently acquired by Mr. Ford, Mr. Steffanson said.

The explorer himself will not be a member of the expedition but will aid in laying the plans.

### Russian Pact With Turkey

**Three-Year Guarantee is Concluded Between Two Countries**

Moscow—Russia has concluded a three-year pact with Turkey.

First, while one country shall attack Turkey, a second action against either party by one or several countries, the other party agrees to remain neutral;

third, neither party shall participate in any union or agreement of a political, economic or financial nature by one or several other powers directly or against either contracting party.

The agreement, which was signed at Paris on December 17 by M. Tchitcherin, the Soviet foreign minister, and Tewki Shemsi Bey, the Turkish foreign minister, becomes effective immediately upon its ratification by the two countries.

**Multi-Millionaire Dead**

New York—Frank A. Munsey, millionaire newspaper publisher, died here Tuesday morning.

He had been suffering from peritonitis, following an operation for appendicitis December 13.

Up to the last, his physicians had held out hope for his recovery, but he suffered a sinking spell and the end came within a short time.

**Rumor is Denied**

London—The first lord of the admiralty, W. C. Bridgeman, in a statement to the House of Commons, flatly denied all allegations in the press that the admiralty had withheld from the public important documents which would throw a new light upon the sinking of H.M.S. Hampshire and the consequent death of Lord Kitchener.

**Restrict Carrying of Arms**

Paris—The British cabinet has agreed to the proposal of Justice to restrict the carrying of arms, to prevent the chamber a bill tightening restrictions on carrying arms and permitting the dissolution of organizations whose members carry arms.

The measure is aimed at Fascist and Communist organizations, which might produce trouble.

**Wholesale Smuggling**

Toronto—The Toronto Star says a \$50,000,000 stream of smuggled merchandise is flowing through the lawless channels of illicit border traffic to rob the Dominion of a million dollars in customs revenue every year.

**Flying Ace Dead**

Peoria, Ill.—Eric Jonrus, 27 years old, a British flying ace, died at the State Hospital here.

### West Meets East

**French-Canadian Excursionists From West Receiving Warm Reception in Montreal**

Montreal—French-Canadian settlers from Manitoba, Saskatchewan and Alberta, two hundred and sixty-seven in number, were given a warm reception when they arrived here from the west. They were met at the station by representatives of the local French Canadian societies of Montreal, headed by M. Alphonse Léon Trudel, president of the St. Isaac's Basilica Society. A short address of welcome was made by Professor Yves Tessier, Lavigne of the University of Montreal.

Two bands played French-Canadian airs, while students of the University of Montreal cheered the guests.

### TRY TO ADJUST MOSUL DISPUTE WITH TURKEY

London—In keeping with his promise made to the House of Commons, Premier Baldwin had a conference with the Turkish ambassador, Ferid Bey, with the object of reaching a modus vivendi in the Mosul dispute.

Parliament gave the premier its approval of the British policy, but in accepting the decision of the council of the League of Nations, the premier clearly intimated that the British desire was to meet Turkey as far as possible in settling the question amicably.

The Westminster Gazette says that Mr. Baldwin pointed out to Ferid Bey certain compensations and advantages Turkey would gain from acceptance of the League's decision, the British government being willing to listen to any Turkish proposals for a security pact.

Ferid Bey was given to understand, however, that beyond minor reductions of the frontier, there could be no question of revising the League council's decision.

The Westminster Gazette expresses the belief that Turkey will not fight, but will adopt a waiting attitude as she did when she was defeated at Smyrna.

### Happy New Year to You

The old year goes . . . The New Year is at hand with all its promise . . .

### EXPLAINS WHY GRAIN IS SHIPPED VIA U. S. PORTS

Winning—It has already been decided in the grain trade news that the transportation of grain from Canada to the United States will be facilitated.

First, while one country shall attack Turkey, a second action against either party by one or several countries, the other party agrees to remain neutral; third, neither party shall participate in any union or agreement of a political, economic or financial nature by one or several other powers directly or against either contracting party.

The agreement, which was signed at Paris on December 17 by M. Tchitcherin, the Soviet foreign minister, and Tewki Shemsi Bey, the Turkish foreign minister, becomes effective immediately upon its ratification by the two countries.

**Fake Bankruptcies Carefully Planned**

Sentences For This Fraud Inadequate Says Crown Prosecutor

Montreal—Fraudulent bankruptcies are organized with the same care as bank robberies, the organizers displaying the same field of pickpockets, and in some cases they are advised previously by competent legal authorities as to how far they can go and what the penalties will be if they are caught, Philipps, British Columbia attorney, told members of the Merchants' Association here. Under the existing system, he asserted, those guilty of fraud against their creditors receive inadequate sentences.

"Both these statements are true," said Mr. Smith. "The deplorability of shipping from Canadian ports is recognized as much or more by the pools than by any other shipper, since they handle a bigger volume of grain and can do more, perhaps, to make the route they want. Grain, however, is always shipped via the cheapest route, and what is desirable gives place to what is economic. The shipper can choose his route, with this consideration."

"The reason why the American route is so largely used is not because the overland rates are lower than Canadian, but because the tonnage mostly goes to American ports. Practically 40 per cent of the crop is shipped in liner spaces, the remainder being transported home, to the north of Damaskos."

The district was reported recently with pilage and murder increasing.

Agency reports to London the other night claimed new success for the thief but because the tonnage mostly goes to American ports. Practically 40 per cent of the crop is shipped in liner spaces, the remainder being transported home, to the north of Damaskos."

"The reason why the American route is so largely used is not because the overland rates are lower than Canadian, but because the tonnage mostly goes to American ports. Practically 40 per cent of the crop is shipped in liner spaces, the remainder being transported home, to the north of Damaskos."

## Strictly Correct Apparel

For men must be made for them individually. Whether civilians or soldiers, the clothes men wear can only be perfectly satisfactory if they are made especially for the men who wear them. We are making overcoats and suits for men who appreciate good tailoring and correct form. We shall be glad to have you call and select the cloth for the new apparel you are in need of.

## Items of Local and General Interest

School will reopen on Monday next for the spring term.

Miss Marguerite Pearson was home for the Christmas holidays.

Several miners in the Drumheller district were fined \$25 each for picketing.

The world's best after-dinner speech "Waiter, give me both checks."

Building permits for the past year at Vancouver amounted to nearly eight million dollars.

Just think of the many, many people in the United States who have never shot anybody!

It is our sincere belief that the most successful debating club in the world is one in the head of a policeman.

Nanton Elk gave a picture show last night free to all children of the community of fourteen years and under.

Don Colman, for a time C.P.R. telegraph operator here, is now holding down a similar position at Charsfield.

Mr. and Mrs. Owen Morgan were down from Saunders to spend the Christmas holidays with relatives and friends here.

The marriage of Mr. Percy Sait to Mrs. Jones, both of Hillcrest, was solemnized recently by Rev. J. W. Oliver at Bellevue.

Mr. and Mrs. Granger and son, and Miss W. B. Williams, spent Christmas at Calgary. Mr. Granger returned to town on Tuesday.

The Elk's second annual grand ball takes place at the opera house tonight. \$2.00 a couple, extra lady \$1.00. Kindly present invitations at the door.

Among present visitors in town are Miss Violet Brehier, of Ponoka, and Mr. George Pellerier, of Pincher Creek, the latter visiting his sister here, Mrs. Ed McDonald.

The marriage of Mr. Richard Dudley Harrison, of Winderness, to Miss Mary Jennie Burgeleau, of Blairmore, took place on Christmas at the home of Mr. and Mrs. Bell, in the Paisley addition. Rev. W. T. Young officiating.

We wish to thank the P. M. Thompson Co., Blairmore Hardware Co., Calgary Daily Herald, Metropolitan Hotel and others for beautiful and useful calendars for 1926. Also one hundred and fifty friends in all points of the globe for letters and cards expressive of the Yuletide spirit.

Lewis McDonald, alias Kid Burns, etc., the grand high trouble maker among the miners of Drumheller valley, recently acted in a funeral at Drumheller. "It's sure hell!" The burial forms of the Christian religion were scorned. "The Red Flag" was sung as the body was being lowered into the grave.

She "I've read that men grow bald because of the intense activity of their brains."

He "Exactly, and women have no whiskers because of the intense activity of their chins."

W. M. BUSH

Flour has reached the ten-dollar-a-barrel mark in Minneapolis.

Miss Flora Warner is spending the Christmas holidays at her home here.

R. C. Green, of Green &amp; Company, our dealers, Lethbridge, is in town this week.

Rod McDonald, international board member for the U.M.W. of A., is in town today.

The agent drives it 600 miles and it's a new car; you drive it five miles farther and it's a used car.

Miss Eleanor Farmer returned last week end from Edmonton, where she had been attending university.

The local stores will be closed all day on Saturday, being open till 8:30 tonight and closing till Monday morning.

An exchange remarks: "Work in New York is something they put out the time with between hootch parties."

Two Alberta cattlemen were arrested by Montreal police, suspected of being gunmen because of the wild hats they wore.

Mrs. McFarland came down from Calgary on Christmas Eve, to spend the yuletide with her parents, Mr. and Mrs. Baird.

The Edward J. Lawrence, the last sixmaster on the seven seas, was destroyed by fire while at anchor in the harbor of Portland, Maine.

Miss Blanche Billing, of the Legion Act commissioner's staff, Edmonton, spending Christmas here with her brother, Mr. V. J. Billing.

The arena opened for general skating on Monday and since that time has been thronged with school children who are making the best of the holes.

Constable Brindley, of the B. C. provincial police, Michal, was down during the week, having in custody a prisoner who was a material witness in a Crows' Nest liquor case.

When the advertising manager of a large Canadian corporation recently underwent an operation for appendicitis, he was heard to admit to a friend that he thoroughly understood what a cut-price printing job really felt like.

Andrew Goodwin was hit by a fall of rock in a Bellevue mine on Wednesday. He was removed in an unconscious condition to hospital, where his recovered consciousness after several hours. Mr. Goodwin will be on work for a considerable time.

The Empire Entertainers, a vaudeville troupe under the management of Mr. Day, former constable with the A.P.F. in Blairmore, was well received at the Orpheum theatre here on Christmas Day, and at the Grand at Coleman on Saturday. The troupe is well balanced and offer a full two- and a half-hour programme that is highly delightful and entertaining.

A Scotch kid and an English kid had been fighting. The Scotch kid's mother came out and dragged 'em apart and asked her small son, "What made ye fecht a big laddie like that?"

"Ah, I will fight him again!" exclaimed the cocky little Scotchman. "If he says a Scotchman has to wear kilts because their knees are too big to get through their trousers."

IS IT SO IN BLAIRMORE?

The heading to an article in December 28th issue of the Calgary Daily Herald reads: "Justice toward the criminal today gives the accused every mercy. Once a person is placed under arrest, his person becomes almost sacred. He is shielded by the cloak of that very law which he is accused of violating."

Dr. H. B. Horr spent the Christmas holidays in Calgary.

Blairmore's hockey seniors team for Medicine Hat tonight.

Mr. W. H. Chappell has been confined to his bed for several days through illness.

They say nothing is impossible. Well, try and get a flapper to go for a ride in a buggy.

Miss Margaret Wiswell, who has been teaching at Chinook, is spending the holidays at her home here.

In India it is considered bad luck for a man to marry an educated woman. In this country it is inevitable.

Chief Snoose returned the early part of the week from a visit to Calgary, where he spent Christmas with friends.

When asked why he charged three dollars for a pair of jazz guitars, a local clerk smiled and said: "It's a regular holdup."

Petie Panchuk, a miner, sustained a severe laceration of one of his arms while working in the mine at Bellvue on Wednesday.

Greenhill Temple No. 10, Pythian Sisters, will hold their regular meeting on Saturday, January 2nd, instead of on Friday, at the usual time.

At the regular meeting of Livingstone Lodge No. 22, Knights of Pythias, last night, the officers for the approaching term were elected.

Blairmore's brand of justice has just been outclassed away down in Orieville, where a man was fined \$500 for taking his first drink of liquor.

Mayor McLeod left for Lethbridge Tuesday night where he will consult an eye specialist. Mr. McLeod has not been well since his recent fall.

Mr. Carlyle, superintendent of the Prince of Wales' ranch near High River, was a visitor to Blairmore on Monday. During the day, Mr. Carlyle visited his coal mining interests near Bellvue.

A local builder was called upon to respond to a toast at a big public dinner the other day, and he felt very nervous. He simply stated: "I am unaccustomed to public speaking; my proper place is on the scaffold."

WHITE ROSE GASOLINE, just arrived and Winter Rose Gasoline with the highest gravity test of any gasoline coming into The Pass country—12 cents per gallon at our filling station. W. M. Bush, East End.

Hon. Perrin Baker, speaking at Strathmore recently, detailed some savings effected in advertising, and savings were evidently possible, judging by recent revelations. At the same time, however, we note that "The U.F.A." the official farmers' organ, carries government advertising to a much greater extent than any other paper in the province. This may be alright, but why confuse information as to amusement taxes, etc., to the readers of one paper—Ex.

Customer—"Have you any eggs that have no chickens in them?"

Bae—"Yes, ma'am; duck eggs."

Mr. Wilson, of Calgary, spent the Christmas holidays with his father, Mr. Frank, Mr. L. Wilson, postmaster.
